DIGIL DAVID

Senior Product Designer · UX/UI, Design Systems & AI-Powered Products

Dubai, UAE | +971 54 737 8597 | daviddigil@ymail.com
Portfolio: daviddigil.com | LinkedIn: linkedin.com/in/daviddigil | GitHub: github.com/daviddigil

PROFILE

Senior Product Designer with 8+ years designing B2B and B2C digital products for the UAE and GCC. I own the full lifecycle, from user research and usability testing to Figma design systems and developer handoff, and I tie design to measurable results. My checkout redesign lifted conversion by 18% and my design system improved handoff efficiency by 30%. I also design and build AI-powered products and tools, so I work comfortably with engineers on technical trade-offs.

KEY RESULTS

- **+18% conversion** from a research-led redesign of the Würth UAE B2B/B2C e-commerce checkout.
- **+30% handoff efficiency** from a Figma design system covering components, tokens and states.
- **22% open rate, 1.2% click rate** on external newsletters designed in both dark and light mode.
- **+12% engagement** from automated email and mobile push lifecycle journeys.
- **40% lower creative costs** by bringing generative AI video and image workflows into production.

EXPERIENCE

Senior UI/UX Designer & Product Design Lead Jul 2020 – Oct 2026
Würth UAE | Dubai, UAE | B2B/B2C industrial e-commerce

- Owned end-to-end UX/UI for the Würth UAE eShop and wider digital products, from discovery and user flows to high-fidelity prototypes and production-ready UI.
- Ran user research and usability testing across trade and retail buyers, finding drop-off at cart review and payment selection; redesigned checkout with segment-aware steps, lifting conversion by 18%.
- Built and governed the company Figma design system (components, tokens, states), improving developer handoff efficiency by 30% and keeping web experiences consistent.
- Designed and managed all external email newsletters in dark and light mode (22% open rate, 1.2% click rate), plus automated email and push journeys that lifted engagement by 12%.
- Designed CRM-driven experiences in Salesforce and Mango CRM, aligning design decisions with business KPIs alongside product managers, developers and stakeholders.
- Introduced generative AI into the creative workflow (Midjourney, Kling, VEO3, ElevenLabs), cutting external creative video costs by 40%.

Graphic Designer / UX Designer Oct 2019 – May 2020
Crystal Media | Dubai, UAE

- Designed high-fidelity mockups and interactive prototypes for client proposals, improving pitch success rates.
- Designed interfaces for employee management and marketing web apps, and refined them through usability testing.

Graphic Web Designer May 2018 – Sept 2019
Cloudhunt Technologies Pvt Ltd | India

- Led website projects and UX initiatives through wireframes and interactive prototypes, and wrote design documentation for developers.

PORTFOLIO & CASE STUDIES

Full portfolio with process, prototypes and live links: daviddigil.com

- **CycleMate** — Bike rental and smart-cycling app, cluttered UI redesigned into a research-backed system (prototype). Case study
- **Aqaar** — Real-estate app for first-time home seekers in Cairo, built on 12 interviews and a 96-response survey. Case study
- **Voyago** — Travel app with booking and an AI itinerary planner, validated with usability testing. Case study

- **Zevoa** — Super-app concept for groceries, delivery and transport with a shared design system. Case study
- **Prizo** — Grocery price-comparison app concept grounded in quantified user research. Case study
- **School Management SaaS** — Financial dashboard for a school SaaS platform, client project. Case study
- **EduPulse** — School management platform with role-based workspaces, in development in Next.js 14. Case study
- **SheetMind AI** — Excel add-in for querying spreadsheets with an LLM, shipped and sold on Gumroad. Case study
- Also: brand identities for CROVÉ, MARSA, Dogelthy, Gulp and Raw Kettle, plus email design for Würth UAE and freelance clients.

SKILLS

Product & UX: End-to-end product design, user research, usability testing, user flows, wireframing, prototyping, information architecture, interaction design, accessibility

UI & Systems: Visual design, responsive layouts, typography, design systems, component libraries, design tokens, developer handoff

Email & CRM: HTML/CSS email design, dark mode, lifecycle email and push journeys, freelance Klaviyo flows (Alaffia, nomz, Evive Nutrition, Onest Energy), Salesforce, Mango CRM, Mailchimp

AI: AI product and conversation design, prompt engineering, LLM integration, voice agents, generative image and video

Tools: Figma, Figma AI, Adobe Photoshop, Illustrator, After Effects, Premiere Pro, Spline, Webflow, Klaviyo, WordPress, Jira, Notion

Technical: HTML, CSS, React, Next.js, Node.js, Python, SQL, Power BI

EDUCATION & CERTIFICATIONS

- Bachelor of Engineering (B.E.), Computer Engineering — Anna University, Chennai
- Diploma in Computer Engineering & Graphics Design — Anna University, Chennai
- Foundations of User Experience (UX) Design — Google (Coursera)
- Product Design Certification — EDOXI
- Google Digital Marketing Certification; Microsoft Advertising Certified Professional
